Reply of Government.—It is not possible for Government to maintain all these channels. The raiyats should do their part of the work. The matter will, however, be referred to the Chief Engineer and the Deputy Commissioner.

Subject No. 307.
Water-supply to Mandya Taluk.

Messrs. Anandalwar and Ramanarasiah.

Summary of discussion.—The leading of a nala either from the Hemavati river or Chikadevarayasagar nala through the taluk is prayed for.

Reply of Government.—Referred to the Chief Engineer.

Subject No. 308.
Nala from the anikat across the Shimsha river.

Messrs. Anandalwar and Ramanarasiah.

Summary of discussion.—The opening of a nala to be drawn from the northern sluice of the Shimsha river anikat was sanctioned long ago. The work has not been taken in hand. Government may be pleased to order the early execution of the work.

Reply of Government.—Referred to the Chief Engineer.

Subject No. 309.
The weir of the Maddur tank.

Messrs. Ramanna and Ramanarasiah.

Summary of discussion.—The Maddur tank fed by the Shimsha river is a large one yielding an annual revenue ranging from 18 to 20 thousand rupees. It is being silted up every year owing to the sand of the river and the channels being washed into the bed of the tank. The waste-weir should be raised two feet high and the tank bund raised proportionately. Early execution of the work is solicited.

Reply of Government.—Referred to the Chief Engineer.

Subject No. 310.
Supply of water to the Maddur Town.

Messrs. Ramanna and Ramanarasiah.

Summary of discussion.—During the hot season the people of Maddur experience great hardship from want of water. There is an order of Government that during the hot season water should be led through one of the two nalas when the other is under repairs. The order is not carried out.

Reply of Government.—To the Deputy Commissioner and Chief Engineer. If there is difficulty for water, some relief measure is necessary.

Subject No. 311.
Taluk Cutcherry at Maddur.

Messrs. Ramanna and Ramanarasiah.

Summary of discussion.—Maddur is of late coming into prominence, and it is situated on the roads to Tumkur and Sivasamudram. It may be made the head-quarters of a taluk.

Reply of Government.—Not feasible.

Subject No. 312.
A Munsiff's Court at Maddur.

Mr. Ramanna.

Summary of discussion.—There are two Munsiffs' Courts at Mysore, a third one at Seringapatam and another at Nanjangud. The taluks of Mandya and Malvalli are comprised within the jurisdiction of the Munsiff's Court at Seringapatam. These two taluks being far off from Seringapatam, the Additional Munsiffs' Court at Mysore may be located at Maddur with jurisdiction over Kunigal, Channapatna, Mandya and Malvalli Taluks.

Reply of Government.—Not possible or necessary. Railway communication affords every facility to the litigant public of these two taluks.

Subject No. 313.
A Chattram at Malvalli.

Mr. Narasimha Murti.

Summary of discussion.—The want of a chattram at Malvalli is much felt. The construction of one may be ordered.

Reply of Government.—This is not possible.
